***A support center for  
Hispanic and Latino families  
in the Upstate of South Carolina***

# Café Cultura

Café Cultura is a project of the Center for Community Services (CCS), in collaboration with the Institute on Family and Neighborhood Life at Clemson University. Café Cultura is designed to connect the Hispanic community within the Golden Strip area, South Carolina. Our teams provide services and activities that are relevant to the Hispanic culture. The initiative provides opportunities that help Latinos to overcome barriers in the society, build community, and to benefit from available material and other resources.

## Mission

Our mission is “to promote the availability of multiservices and programs which contribute to stimulate the development, the sense of community, the social interaction, the leadership and the cultural values of the Hispanic and Latino community in the Golden Strip Area; through networking with governmental and community institutions, with the objective of improving the quality of life of the Latin-Americans families in South Carolina”

## Purpose

The purpose of Café Cultura is to connect Hispanic and Latino families with available services in the CCS and in the community at large. We work to create support groups between families and community organizations. In Café Cultura we are dedicated to providing a healthy environment in which families can share. By bringing families together our center promotes that families become agents of change and support the development of their community.

Our goal is to help Hispanic and Latino families use the services at the CCS and in the community. Café Cultura is a place where families can meet one another to learn, give help and find help. Café Cultura helps families be strong and support others in the area.

## Volunteers

Volunteers at Café Cultura help us with:

- ♥ helping children with their homework
- ♥ playing with children while parents go to other workshops, talks, and other activities.
- ♥ organizing activities for the families
- ♥ teaching classes and workshops
- ♥ hosting children of families in crisis
- ♥ giving money to support projects at Café Cultura
